Billy shall...

Can Americans work together again?

I believe in the greatness of the American people, in their **ingenuity and productivity**, and their **innate fairness and decency**. But as **Russia** and **China** play pattycake, profound risks threaten ordinary Americans, across America's entire west coast.

Our dockworkers can lose jobs to new cargo routes.

CHINA is bargaining with **Russia** for routes over **The Arctic**, which they already call, **"THE POLAR SILK ROAD."**

Dockworkers already suffer a trade war. What happens when China obeys Russia over routes?

Meanwhile, **Russia** threatens nuclear strikes on **cargo ships**. **MAERSK** – the world's largest commercial shipping fleet – could be **diverted away from America's west coast**, if Russia orders a growing navy to bully the world over commercial shipping.

Dockworkers on RIGHT to worry! **Russia** is seizing **The Black Sea, The Baltic, and The Arctic**. Still, Moscow can only gain military controls of the high seas if America surrenders global leadership. **IT AIN'T LOOKING GOOD.**

Instead, **Spiritual Environmental** teaches that global security is strengthened if **souls of faith** and **minds of science** work together to save **His** air, **HIS** water, **HIS** top-soil, and **HIS** wetlands.

This nation -- born of Revolution and sustained through Sacrifice -- must join together, to keep the world's most productive people at work, for division shall deny us greatness.

Thanks for considering me for Congress in the **March 3rd 2020 primary.**
